PHILIP D. MURPHY
Governor

LT. GOVERNOR TAHESHA L. WAY
Secretary of State

Greetings:

We are reaching out to you on behalf of the New Jersey Business Action Center (NJBAC) in the NJ Dept. of State. We are a business advocacy agency within state government, helping all businesses get started, thrive, and grow.

We are happy to share a new resource for your small business constituents. The "New Jersey Small Business Manual" which provides information on how to establish, maintain, and expand a small business in New Jersey. Individuals may order, at no charge, one hard copy using the order forms on our site: <https://www.nj.gov/state/bac/small-business-manual/index.shtml> or use the download button on that page to print their own digital version. You can also order multiple copies for your office – up to 25 copies.

All of the NJBAC services are offered at no charge to our business community and serve as a value-added resource in deciphering government rules and regulations, building and expanding, finding the right employees, navigating permits and expanding your business by exporting to global markets.

Here is a blurb to cut and paste into your website about the NJBAC so that all the businesses in your community will know about our services.
